

ACACIA WALDORF SCHOOL

Educating the Child: Head ~ Heart ~ Hands

24 January 2022

Dear AWS Community,

AWS PLANS FOR SCHOOL YEAR 2022-2023

Acacia Waldorf School will open its doors to students and their families in the new School Year 2022-2023.

After two years of distance learning, the faculty, staff and Board of Trustees of Acacia Waldorf School are one in our commitment to provide face to face learning to current and new students next school year. We are busy preparing the school for this eventuality. We are working with the local government of Sta. Rosa and the Department of Education. We are just waiting for our local government to give us the go signal to do so.

We are in the process of setting up guidelines and protocols to address the needs and ensure the safety of all members of our school community. Classrooms and learning spaces are being prepared to be hygienic, well ventilated and equipped to put in place these measures for face to face classes. Learning activities are likewise being prepared in the event that there will be a need to shift to distance learning.

We warmly invite all students, their parents, and families to invite other new and prospective parents and families for our eventual return to the natural surroundings and clean fresh air here at our school. In the coming months, we will have some on-line parent mornings for new and prospective parents to have a glimpse of our Waldorf education. This will be together with some faculty, parents and graduates of Acacia. Schedules for these days will be announced.

For any inquiries, current and prospective parents may reach our school at admission@acaciawaldorfschool.com or call (049)5596577, (0917)5540435, (0998)9808185.

We thank you for your continued trust and confidence in our school. We look forward to see you all soon!

Sincerely yours,

Jonathan Ramirez
Executive Director
Acacia Waldorf School
